

Arthur E. Molloy

CFP®, CFA®, CMT® Founder & President

Arthur E. Molloy is the Founder and President of Capital Growth, Inc. He has spent over three decades in the financial industry and has weathered multiple market and economic cycles.

In watching his clients' lives and businesses evolve, Art has become much more than an advisor to his clients. He has become a trusted resource and friend. Art focuses on building lasting relationships based on honesty, integrity, and trust. As a result, many of his clients have been with him for over 30 years, and he now advises the sons and daughters of some of his original clients. New clients are accepted by referral only. This is a further testament to clients' satisfaction with the expertise and care that Art delivers.

Art began his career in financial planning in 1978 and established his independent financial firm, Capital Growth, Inc., in 1983. He holds a number of licenses and certifications and is a member of several industry-related organizations. Art combines multiple disciplines of fundamental, technical and market behavioral analysis with his clients' specific financial needs to develop his investment strategies.

Art, a San Diego resident since 1964, discovered his passion for the stock market as a Biophysics student at UCSD and made his first trade in 1974. Today, as the leader of Capital Growth, Art provides expert financial advice and investment management services to his clients while guiding his team of advisors. Inspired by diverse role models, from King Solomon and Jesus Christ to Michael Bloomberg and Nick Vujicic, Art continually seeks growth and inspiration. Alongside his wife Dana, Art treasures time with their eight grandchildren and dreams of visiting all 50 states and the 7 Wonders of the World.
